Assignment No. 02	
Subject: Data Science Lab	
Name of Student	Achyut Shukla
PRN No.	**20070122005**
Branch	CS
Class	A1
Academic Year & Semester	2023-24 _ 7th semester
Date	**1ˢᵗ August**
Title of Lab Assignment	**REGRESSION MODEL FOR PREDICTION**

Theory:

Use R for descriptive statistics:

a) Write an R script to find basic descriptive statistics using summary, str, quartile function on mtcars & cars datasets.

b) Write an R script to find subset of dataset by using subset (), aggregate () functions on iris dataset.

A. Basic descriptive statistics – summary, str, quantile on mtcars

```
